*Faux strap hinges easily dress up the look of garage doors, doors, gates, and shutters.*

John Wright combines modern high-quality finishes with the strength and traditional look and feel of cast iron. Faux (or dummy) strap hinges give the look of functional strap hinges without the expense or complicated installation.

- Sold individually and include screws for mounting
- Material: cast iron or cast aluminum with plated steel screws.
- Finish: black-matte TGIC powder coating on cast iron or decorative finish on aluminum.
- Warranty: 1-year replacement
- Optional and related items:
  - 88-395 Faux Hinge makes decorative shutters look even more traditional by further adding the look of real hinges.

## **Installation**

1. Hold one hinge in desired position. This will generally be where a real hinge would be mounted but can vary based on the desired look. Mark the position of the screw holes on the mounting surface. Drill 1/16" pilot holes. Screw the hinge in place. Install other hinges as desired.

## **Data and Dimensions**

<u>Part #</u>	<u>Material</u>	<u>Style</u>	<u>End</u>	<u>Finish</u>	<u>L</u>	<u>W</u>	<u>H</u>
88-619	alum	ribbed	fleur-de-lis	bronze	17"	1.25"	2.625"
